Objective

Computer Science Engineering graduate with strong foundations in programming, web development, and problem-solving. Seeking an entry-level Software Engineer / Frontend Developer role to apply technical skills in building efficient, scalable, and user-friendly applications while continuously learning and growing professionally.

Education

B. Tech in Computer Science and Engineering | CGPA – 7.88   *2023 - 2027*
CMR Institute of Technology, Hyderabad
Computer Science and Engineering

Telangana State Board of intermediate education | Percent- 92.4   *2021 - 2023*
Sri Chaitanya Junior College, Khammam

Telangana State Board of Secondary Education | Percent – 100   *2013 - 2021*
Nirmal Hridai High School, Khammam

Technical Skills

Programming Languages: Java, Python, JavaScript.

Web Technologies: HTML, CSS, JavaScript, Responsive Web Design

Databases: MySQL

Tools & Platforms: Git, GitHub.

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming(OOPS), REST APIs.

Soft Skills

- Problem Solving
- Team Collaboration
- Time Management
- Continuous Learning

Experience

Frontend Web Development Intern–Edunet Foundation (AICTE & IBM SkillsBuild) *Aug 2025 – Sept 2025*

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript
- Gained hands-on experience in UI/UX design, responsive layouts, and frontend best practices.

AI & Cloud Intern – Edunet Foundation (AICTE & IBM SkillsBuild)   *July 2025 – Aug 2025*

- Completed a 4-week AI & Cloud internship using IBM SkillsBuild and IBM Cloud Platform
- Gained hands-on exposure to cloud computing concepts and AI fundamentals.

Projects

Book Cycle – Second-Hand Book Resale Platform | HTML, CSS, JavaScript

- Built a responsive second-hand book resale web app using HTML, CSS, and JavaScript
- Implemented book listings, search, and interactive UI features
- Designed a clean, mobile-friendly interface with modern CSS

Event Quest – Event Management System | HTML, CSS, JavaScript, Node.js, Python

- Built an interactive event management website with localized event discovery and user preferences.
- Implemented frontend using HTML, CSS, and JavaScript with backend using Node.js and Python.
- Designed responsive layouts and dynamic features for seamless user experience.

Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a personal portfolio website to showcase projects, skills, and achievements
- Implemented responsive layouts to ensure compatibility across mobile, tablet, and desktop devices
- Added interactive UI elements using modern CSS and JavaScript to enhance user experience.

Certifications

- **Salesforce** – Certified Agentforce Specialist
- **Oracle** – AI Vector Certification
- **Skill India** – Web Development
- **Infosys** – Machine Learning Foundation

Achievements

- Solved 300+ Data Structures and Algorithms problems, strengthening problem-solving and algorithmic thinking skills.
- Actively participated in coding practice and technical skill development.
